*Wenatchee Wild Head
Coach John Becanic*

John is originally from Canada but on Dec. 19th he became an American Citizen. He has been coaching junior hockey since 1992. In 1996, he became a head coach and has continued working in his field and has now joined the Wenatchee Wild as the head coach. He became the head coach in December 2010. When first arriving in Wenatchee he was not received well by some in the community and from the fans. He made a lot of changes based on what he expects to make a team work.

John made the trades to because he didn't feel they were working hard enough

and if they are not going to work hard he wants to find someone who wants to work hard. He also, likes finding individuals in kids wants them to feel comfortable in themselves and that they can be themselves that is what makes a team work. With the attention they receive he likes to make sure at times that they still can be kids so they have other activities besides just practice to help them be kids.

He is not a coach that believes in excuses. He wants them to be accountable just like he takes accountability for the decisions he makes.

He likes our community and talks about how we are a close knit community and very proud of our team. He also enjoyed seeing the fan participation and how we embrace the kids as well as the team. Is excited to be here and is trying to adapt to some of the community. Also, he wants us to know that he now knows what Apple Blossom is and how important it is to our community.

Thank you John Becanic for speaking at our meeting and can't wait until next season.
